PROFESSIONAL SUMMARY

Computer Science Engineering student with hands-on experience in Machine Learning, Generative AI, and Full-Stack Development. Working knowledge of Java, Python, MERN Stack, LangChain, LLMs, and RAG, with experience building AI-powered applications. Seeking opportunities to contribute to innovative AI-driven software solutions.

EDUCATION

- Bachelor of Engineering** – Computer Science Engineering
Nandha Engineering College, Erode
Year of Passing: 2027 | CGPA: 8.288 Sep 2023 - Present
- HSC** – Kamban Kalvi Nilaiyam, Gobichettipalayam
Percentage: 87.67% Jun 2022 - Apr 2023

INTERNSHIP EXPERIENCE

Data Science Intern – Litz Tech, Coimbatore

- Worked on real-world datasets for data cleaning, analysis, and visualization
- Built ML models for prediction and classification tasks
- Prepared reports and dashboards using Python libraries Jun 2025 - Jul 2025

Gen AI Intern - Shellkode

- Learned about Generative AI models.
- Created a Legal Document Translator (or) Summarizer using Mistral LLM and Langchain Frameworks.
- Built a RAG based Document ChatBot using LLMs. Dec 2025 - Jan 2026

PROJECTS

Supermarket portal using Full-Stack

- To optimize customer's time, the website includes the rack number and product details in each of the rack.

Enhanced RAG Document ChatBot

- End-to-End RAG-based chatbot web app with secure authentication, multi-chat support, document-aware Q&A using LLMs.

Story Generation and Narration

- Developed an AI-powered application using AWS Bedrock for story generation, Stable Diffusion for scene-based illustrations, and AWS Polly/gTTS for narration, with PDF/Word and video export capabilities.

Legal Document Summarizer

- Fine-tuned a DistilBART Transformer model on the IN-Abs (Indian Legal Abstractive Summarization) dataset to generate concise summaries and convert complex legal terms into simple, understandable language.

SKILLS

- Programming Skills:**
 - Problem Solving using Java (Intermediate)
 - Python (Beginner)
 - SQL (Beginner)
- Software Skills:**
 - Machine Learning
 - Full stack web development (Beginner)
 - Gen AI
- Languages known:** Tamil, English
